

Mobile Education Unit

Let us come to you!

South Australian
Whale Centre
A Marine Environment Facility

Whales on Wheels!

The South Australian Whale Centre's "Mobile Education Unit" is a travelling Educational Unit who deliver interactive performances and hands-on classroom based science experiments on school campus.

Professor Blubber and his Research Team will travel to your school (or nominated site) to entertain and educate students about whales and the state's marine environment.

The Mobile Education Unit offers:

- **"The Professor Blubber Show"** -

Professor Blubber and his Team perform a 25 minute stage show using music, humour and interactive participation to enthuse students about whales, whale watching and the marine environment of South Australia.

- **"Professor Blubber's Green Submarine"** - take a journey under the Southern Ocean to explore the sea creatures that inhabit our waters .

Booking Conditions: Minimum 3 classes, maximum 5 classes per presentation.

- **"Whale Science in your OWN Classroom"** -

Why not let us bring our whale classroom activities to yours! Choose from our range of classroom based Science Programs. Designed to be interactive, hands-on and entertaining, our classroom programs include water based science experiments, hands-on whale watching record entering and scientific identification methods.

Ask us which program would suit your class, your needs and curriculum requirements.

*Don't forget to order your **Whale Education Pack**. A 10 week Science Unit of Work on whales. Take the stress out of teaching Science. Let us help you!*

Costs:

"The Professor Blubber Show" - Prices start from **\$4.00 per student**

plus \$180.00 Booking/Travel fee. Min 3 classes—max 5 classes per presentation. Additional presentations \$3.50 per student.
